

EEBA at EQUITANA '23

Dear members,

Based on the feedback from you and in order to better reflect the internationality of our members, we have decided not to hold a live **Annual General Meeting** at EQUITANA. Instead, we will offer an **online** meeting in spring to vote on important topics of the association's work and to set the direction for the year.

The many interesting conversations and encounters during a successful **spoga horse** have shown that there is no substitute for personal exchange (**final report** [link](#)). Congratulations at this point to Maria Näther & her team for the successful come-back after the Corona edition last year!

As we can best inform those interested in EEBA in direct conversation, we will also use the upcoming **EQUITANA** to present the association to a broad public. Do you know someone who would fit well into our network? Please feel free to recommend us! Together with our co-exhibitors, we look forward to your **visit to our stand 6-C06** and wish all exhibiting members a successful countdown to the show!
