

## Goodbye and many thanks for your trust!

{{ contact.SALUTATION | default : "Dear" }} {{ contact.FIRSTNAME }} {{ contact.LASTNAME }}

My mission for EEBA is coming to an end. Although I am still on duty and available until mid-December, I would like to thank you today for the great collaboration in the EEBA network!!

Founding a new industry association and being able to accompany it on its way out into the market was an exceptionally exciting, sometimes challenging, always enjoyable and enriching task for which there is no manual. The trust that the members have always offered me along the entire way has been the best motivator and I am very grateful for the experience I made.

EEBA is on the right track and networks of this kind are all the more important the more challenging times become for our industry. The train is rolling, so to speak, and I hope it can pick up speed in the future and take many industry professionals with it on its journey.

I hope that our paths in the industry will be crossing in the future again. Thank you very much, {{ contact.SALUTATION }} {{ contact.FIRSTNAME }} {{ contact.LASTNAME }}, all the best for you and have a wonderful Christmas season!

With warm regards
